About The Urology Group

The Urology Group is one of the largest single specialty groups of urologists in the United States, with 39 physicians on staff. The Urology Group provides medical and surgical care for all diseases and disorders of the urinary tract in men and women and the genital tract of men. Headquartered in Cincinnati, Ohio, with a 55,000-square-foot advanced-care facility, the group includes practices extending from Northern Kentucky to Middletown, Ohio, and from Southeastern Indiana to Adams County, Ohio.

WHY IT'S IMPORTANT:

Prostate cancer is the second-leading cause of cancer death in American men. The American Cancer Society® reports that nearly 30,000 men will die of prostate cancer this year, but early detection saves lives.

Proceeds from the race benefit ZERO Prostate Cancer and go toward prostate cancer research funding, free prostate cancer screenings, and awareness and education efforts.
