

FOR IMMEDIATE RELEASE

New Doctors Add to Depth of Talent, Bring Fresh Perspectives
The Urology Group Adds Two New Physicians

Dr. Stephen G. Bennett

Dr. Katherine E. Voss

CINCINNATI (Aug. 30, 2019) – The Urology Group, one of the largest single specialty groups of urologists in the U.S., is growing its depth of talent by adding two new physicians – Drs. Stephen G. Bennett and Katherine E. Voss.

As dedicated urologists, we provide the most advanced medical and surgical care of the urinary tract in men and women, and the reproductive system in men. As caregivers, we understand that the healing process is much more than a diagnosis and treatment protocol. Our recruiting approach is in line with our goal of bringing top talent with new perspectives and approaches to ultimately provide better patient care.

“We are thrilled to welcome Drs. Bennett and Voss to our group, and look forward to their contributions and the benefits they will bring both our staff and our patients,” said The Urology Group President Dr. Gary Kirsh.

- Stephen Bennett, M.D. graduated from The Ohio State University College of Medicine in 1996 and received his surgical and urology training at the University of Cincinnati. He also holds a Master’s in Business Administration from the University of Cincinnati. He sees patients in The Urology Group’s Anderson (State Road) and Mt. Auburn offices.
- Katherine E. Voss, M.D. received her Doctor of Medicine from the University of Cincinnati College of Medicine in 2010. She then received her surgical and urology training at the University of Texas Health Science Center at San Antonio. Her clinical interests include stone disease, neuro-urology, voiding dysfunction, BPH, incontinence and vasectomy. She sees patients in the Blue Ash office.
